### Library News

The sorting and alphabetizing of the books in the library have been completed. Categories include fiction, general non-fiction, biography/autobiography, history/World War II, health/medical/self-help, travel religion, and paperback categories of fiction, western, mystery and romance. There is a special large print section and a section of paperback romances in larger than normal print.

When returning or donating books, please put them in the basket provided for that purpose to help us keep the library organized.

One of our residents has a number of catalogs for ordering books on tape. If you would be interested in ordering tapes to be delivered directly to you, see Jean Hollar in apartment 210. Also available are some Readers Digest magazines on cassette tapes.

## Resident Thank You's

So many of our residents help with things around the community, we thank you all for your support and continued efforts to make Hope Woods a wonderful place to live. We would love to thank all of individually but the list would be too long... We are going to start a star resident section of our newsletter and highlight a different resident each month in the hopes of learning a little more about all of the wonderful residents in our community.

This month's star resident: ***Pauline Hillwig #319***

Pauline has been a resident here at Hope Woods since August of 2005. She moved here from Pennsylvania where she has lived all her life. Pauline moved here to be closer to her daughter, grand children, and great grand children. She staples and stuffs all of your newsletters each and every month. She has also made nametags for all of the residents when they first moved in to help everyone get to know each other. Pauline has always gone out of her way to make our new residents feel welcome and even lets us use her apartment to show potential new residents. She always tells everyone how much she loves living here! We thank Pauline for all of her work and support at Hope Woods and are very grateful to have a wonderful resident like her!

Best wishes for a speedy recovery to Jo Griggs in #303, Jo recently fractured her rib and we are hoping Jo will be home soon! She is currently at Tendercare Westside recovering. If anyone would like to send cards to her you can bring them to the office.
